WHAT 55vh OF SCROLL DOES TO ONE CARD

Depth is a pure function of scroll offset, so the walk is reversible, pausable by simply not scrolling, and deep-linkable. No timer, no auto-advance, no pause button.

NATIVE VERTICAL SCROLL DRIVES DEPTH

WHAT THIS REPLACES

HORIZONTAL DRAG + 8 PX SLOP TEST

Two competing axes on one surface. Every ambiguous gesture picked a loser.

7-SECOND AUTO-ADVANCE

A wall that moves while you read it. Slow readers lose the line; fast ones wait.

PAUSE / PLAY + PREV / NEXT

Four controls that exist only to fight the timer. Delete the timer, delete the controls.

DUPLICATE BELOW THE SCENE

Becomes the index grid: same markup, still crawlable, now the fast way to jump.

What you seek is seeking you.

The quieter you become, the more you are able to hear.

*No one is coming to save you.

— SUFIYAN

MINE

Man is condemned to be free.

The obstacle is the way.

He who has a why to live can bear almost any how.

NIETZSCHE

Waste no more time arguing about what a good man should be. Be one.

MARCUS AURELIUS

Build a life you don't need to escape from.

SUFIYAN

The cave you fear to enter holds the treasure you seek.

JOSEPH CAMPBELL

If you are going through hell, keep going.
